„I am the way,  
the truth, the life“  
says Jesus Christ

This time, the jump from Germany, where we spent May and June, back to Romania was very easy and restful, thanks to the new airlines of Wizzair. Esther and the children were picked up at the airport in Cluj by Nataniel. The last hours of the trip went through the Carpathian Mountains to Dersca. Nataniel informed about the high water in our region. And indeed, 7 km before Dersca, Esther had to drive over a flooded street, anxious not to float away. Unfortunately storms similar to typhoon made all small brooks to burst its banks and to damage hundreds of houses, bridges, streets and cars. It happened also to the property of friends from Siret.

## A warm welcome

we received when we were, finally, back. During the last two weeks we immersed again intensely in many relations which had to pause. With our partner Cornel, Stefan travelled two days through Romania, with the teenager Ruben he also travelled one day. Many hearty conversations with the teenagers, the weekly meetings with the youth-group, the planning for the summer activities and the vision revitalisation with leaders held us quite a lot on the run.

Nine from the x-treme-youth from Suceava will go for two weeks to Vest-Romania and Bulgaria. There we meet the German x-treme-mission-group and we will evangelise on two places. It's a special joy to lead these teens in new experiences: It will be their first **mission-trip in a foreign country**. (25.07. - 07.08.)

This is God's humour: In the locality G. 20 children have come to the faith. Namely exactly in a church, that consists almost only of old people and does not grow for many years any more. Now because of their children the non-Christian parents are interested in this church. Meanwhile Esther is preparing with our Siret teenagers **two children camps**, in order to help them grow in their faith. (11.-13.08. and 24.-26.08.)

**Basic Training** is called the tent camp which is offered especially for **teenagers with leadership potential**.

Because we have in our region so many children and teenagers who wait formally to find good Christian programs, we would like to attend this training course with many of our teens, which we accompany for a long time. It is organised by the Romanian branch of the Juropa.net work. Thus we expect that our teens will come out of passivity and are inspired to help found and influence new children groups and youth groups. It is the continuation of our discipleship with them, that they will do now themselves the first leadership and responsibility experiences. (29.08. - 05.09.)

For the abovementioned activities we can request from the participants only **symbolic participant contributions**. And, nevertheless, they still ask for possible reductions. Usually the parents of our teens earn max. 300 Euro per month. Would you take part with your home-group in this cause of God? Trusting God, we assured all teenagers to support them financially and to take them with us to the events, indifferent with how much they are able to contribute.

We are very grateful for the fact that some of our friends in Germany **pray often and regularly for us**. Thank you for your feedbacks which we have got during our visits or by email. The different prayer impressions which we have received correspond as regards content very much. That's really encouraging. Who need details, should request our monthly prayer mail.

Please pray for a lot of strength and inspiration for the forthcoming activities. Pray also for our children, Emilie and Benedikt. Please pray also for rooms that we seek and want to rent, so that we can offer more effectively weekly children- and youth-groups. Often there is a lack of transport possibilities. We have started praying for the second minibus. Please pray also for further co-workers / missionaries. By the way, we are absolutely grateful to God, that we can serve Him here.

We would be glad about your visit and greet you warmly,
